### AFS opens meeting

An open meeting of the Upland-Alta Loma American Field Service will be held Thursday, Feb. 18, 7:30 in the faculty lounge at Alta Loma High School, 8880 Baseline Road, Alta Loma.

Charles Miller, professor of history at Chaffey College, will be the guest speaker. Miller has received his B.A. from Princeton and M.A. from Claremont Graduate School. He recently completed a textbook on American History, which will be published soon, titled "Challenge and Crises". This book will be used as a college text.

He spent last spring and summer in Europe on a sabbatical in which he obtained the cooperation of European professors to learn how they teach American Foreign policy to their students. His information and impressions from this experience will be his subject.

### Four-day holiday

The first of the four-day holidays scheduled for 1971 takes place this weekend, with schools and public offices closed both Friday, Feb. 12 and Monday, Feb. 15.

Friday, Feb. 12 is Abraham Lincoln's Birthday. Sunday, Feb. 14 is Valentine's day and Monday, Feb. 15 will be celebrated as George Washington's Birthday under the new Monday Holiday Bill. Washington's traditional birthday observance has been Feb. 22.

Upland city offices will be closed both days, as will local schools. All banks will be open on Feb. 12 but will be closed Feb. 15.

### White Tag sale

The American Field Service Chapter of Alta Loma and Upland High Schools is preparing for its annual White Tag Discount Sale, March 18-20.

Prior to the sale students will sell white tags to the community which are redeemable for a discount of 10 percent on items bought from participating merchants.

Students will sell the tags throughout the Upland, Cucamonga, Alta Loma and Etiwanda communities between Feb. 26 and March 17.

The \$1 purchase price of the white tag goes into the coffers of the AFS to support the student exchange program among free nations. The program is entirely supported by voluntary contributions and effort.

### Easter Seal chairman

Appointment of Mrs. B. D. Church, a representative of the Alta Loma-Cucamonga Junior Womens Club, as community campaign director of the 1971 Easter Seal Campaign in the Alta Loma-Cucamonga area has been announced.

Mrs. Church is one of 19 community leaders named to direct the 1971 fund appeal, which will be conducted March 1 to April 11 by the San Bernardino County Easter Seal Society to finance local services to crippled children and adults.

Announced last week as county-wide general chairman of the campaign is Ted R. Carpenter of San Bernardino.

Easter Seals will be mailed to 150,000 homes throughout the county on March 1. Organizations and individuals interested in assisting the campaign in Alta Loma-Cucamonga are requested to call Mrs. Church at 987-5322.

### Highway Users tax

State Controller Houston I. Flournoy today announced the distribution of \$56,806,546 among the State, cities and counties as the December apportionment of highway users taxes.

San Bernardino County's share was \$67,234,65, and the city of Upland's share was \$20,658,21.

A total of \$14,679,085 went directly to the counties; \$10,996,485 to cities; and \$31,132,480 for expenditures on State highways.

The total was derived from the following sources: gasoline tax, \$53,015,521; diesel fuel tax, \$3,788,550; miscellaneous, \$2,475.

Gasoline tax available for the December apportionment dropped \$2,031,618 from the prior month, and the diesel fuel tax share increased \$39,852. The net decrease from November was \$1,990,960.

The distribution was \$1,957,929 lower than that for December 1969. The gasoline tax drop of \$540,757 from a year ago was more than offset by the diesel fuel tax growth of \$790,591.

However, the December 1969 transfer from the Motor Vehicle Transportation Tax Fund was \$2,207,476 against none this December. The latter is attributable to the Budget Act of 1970-71 which earmarked \$18,000,000 of the Transportation Tax Fund for transfer to the School Fund instead of transfer to the Highway Users Tax Fund. So far, a total of \$12,403,636.13 has been transferred to the School Fund.

# Students conduct survey

"The greatest threat to America is Americans."

This viewpoint was held by both youth and adults according to the recent opinion poll held by Don Frankson's sixth period senior civics class at Upland High School.

By this, Frankson explained, both youths and teens felt that we are our biggest danger through pollution, overpopulation and apathy.

Adults generally ranked Communism first, with 14 percent and apathy second with 13 percent on the city-wide survey the class conducted in December and January. Americans as a threat were given a 10 percentile and pollution a like number.

Seniors ranked pollution and overpopulation together with 24 percent and Americans third with 18 percent. Clearly all age groups point to ourselves as being more dangerous to the country than Communism or any external danger.

The seniors discovered in doing the survey that not only do individuals disagree, so do the sexes, different age groups, different races and different portions of the city. For the purposes of the study, Euclid Avenue was the east-west dividing line and 14th Street was the divider for north-south.

The first question, whether or not the delinquency of Upland teenagers is a result of no place to go, found 217 believing the statement true, 301 disagreeing and 103 undecided.

Teenagers felt this was true, as did both men and women in the 21-30 age group. All others mainly disagreed. The surveyors said most felt delinquency was due to the way parents raised their children. Many felt there was no delinquency in Upland.

Whether or not it is safe to walk the streets of Upland at night found those in the Northeast section of the city believing it was. Women generally felt that they could walk in well-lighted sections of the city in comparative safety. Men disagreed.

Along with this, the seniors found that most people felt the police in Upland are doing a good job of law enforcement. Some felt there was a need for more police to improve enforcement.

Seniors generally had a poor opinion of the police; felt the officer were "out to get them" on minor infractions.

However, the survey showed, the seniors who strongly disagreed with this opinion were those who had participated in the "Ride-Along" program (students ride with police officers on patrol). Surveyors felt those voicing opposing views to law enforcement "don't know what the police really do."

Pollution control, and the question of paying more taxes for effective control projects brought many comments, seniors found. Although the majority surveyed favored the idea, they questioned how such projects would be controlled, and if politicians would manage to obtain a share of the taxes. Several thought large industries should pay for pollution control since they help cause much of it.

Racial opportunities for jobs, housing and advancement brought a division between the sexes. Men felt racism was prevalent in all aspects of life and could be eliminated through education and understanding. They indicated it would be an entire generation before the minorities attain full equality, seniors found. Women, on the other hand,

felt minorities do have equal rights. They pointed out that in some areas, because of the emphasis on offering opportunities to minorities, racial groups may have an edge in obtaining jobs.

As far as interracial marriages were concerned, the consensus was divided as to whether they would survive in today's society. Women in the 21-30 age bracket felt that such marriages would survive, but men were not as willing to accept

these marriages, the survey found. All felt such marriages unfair to the children of the unions.

"I am in favor of the recent renewal in the bombings in North Vietnam" brought out opinions on the war itself. Phrased when the bombings had been stopped early in December, most surveyed felt bombings should be renewed. Teenagers favored pulling out as did those from 31-50. Men too favored ending

the war, but women's main worry centered around the prisoners-of-war, students found.

The community was interested in their survey and most felt it a good idea, the civics class found. Women were more willing to help than men, but even those who disagreed with the survey ideal felt it got students and Uplanders thinking about current problems.

It also may have helped to increase student-adult understanding, Frankson said.

### Three on a contract

Reaching accord, Ontario, Upland and the Chino Basin Municipal Water District signed a three-party pact bringing to an end a controversy which has endured for several months. Signing on the dotted line are, from left, Carl Massingale, president of the Chino Basin Municipal Water District; Howard J. Snider, mayor of Ontario; and George Gibson, mayor of Upland. Standing in the rear is Ernest Keechler, secretary for the CBMWD.

### Superintendent tells plans

## 'Goal Assessment' for USD

BY JENNY KIRKPATRICK

(Editor's note: This is the third in a series discussing the current Upland School District's problems. So far the series has explored the disenchantment of citizens with the district which resulted in the formation of the Upland Taxpayers Association; the financial plight of the district and some remedies taken as discussed by Ernest Kirkpatrick, assistant superintendent, business, USD.)

Discussing USD goals and the future philosophically, John Rodriguez, superintendent of the district, said, "We are in the process of a goal assessment program." Asked if school districts didn't tend to reflect the communities' values and goals which they serve, Rodriguez said:

"We (school districts) function as an agent of society. Society specifies the goals. We have never had a goal assessment program in Upland to find out if the schools do reflect the community."

"An assessment of goals means definite policies and procedures in written form as well as making every effort to contact

all neighborhoods in the district and getting input from them as to their goals," Rodriguez said. "It is quite a project and may take a year or two from start to finish and to finalize it," he added.

Asked to relate the local goals to the state education code, Rodriguez said, "The code tends to be vague in some areas and stringent in others. This leaves local goals to the district. At one time the code was restrictive as to courses of study and the times they should be taught. It is more permissive now. Philosophical goals are not spelled out."

What would be a local goal, for an example, Rodriguez was asked.

"Take reading for example. We could say we'll have reading and these are the goals we'll accomplish with our program. We'll plot the course, the resources and the specific time for reaching this goal," he said.

District goals will be the effort of the board, superintendents and teachers-principals, Rodriguez added. He said citizens would be included, also.

"When I first came on the job,

I made myself available and met with the Upland Taxpayers Association informally and formally. I would be very happy to talk to this group or any citizen who would like to discuss district business and to make any information available," Rodriguez said.

Asked about the ratio of administrators in the district, he said, "We have six administrators (superintendents-principals) per 100 teachers (226). The state allows 9 per 100. In classified, we have 41.17 per 100 teachers, which is five per 100 less than last year."

He said many of the problems of the district had been ironed out within the district with the board, the Upland Educators Association and spokesmen for certificated personnel.

A certificated spokesman in the district said the following action has been taken: The addition of \$1.50 in the classroom; more supplies; a grievance committee set up; an updated, written policy; better relations with the board; reorganization of central office staff.

### School board meeting

At its Tuesday night meeting, the Upland School Board adopted a resolution saying that if the Feb. 23 tax override is successful they will not levy the 95 cent tax all at once. (They may select to levy all of the 95 cents or any portion of it such as 50 cents or whatever amount, but they may not levy more than the 95 cents, which is the maximum asked in the election.)

"Hopefully, we can find another way to get more funds from the state," is in essence what the resolution said which was introduced by Board member Harvey Stone and unanimously ap-

proved.

In other business the board: --Approved the possibility of cancelling the lease on the building now being used by the district at 924 W. Ninth St.

--Heard a progress report on codification of district policies; discussed an alternate plan asking for a three-way unification instead of a two-way; heard plans to reorganize the central administration staff to include a superintendent, assistant superintendent, instruction and administrative assistant. Action was tabled until the March meeting.

### Pettis to visit West End

Representative Jerry Pettis will join with the Chaffey Community Republican Women in opening their new headquarters at 621 N. Euclid Ave., Ontario, on Friday, Feb. 12.

Besides the open house, the day is in honor of Abraham Lincoln's birthday. The new headquarters was refurbished by the women and includes literature and information for anyone interested in the Republican party.

The open house is from 1 to 5 p.m., with Pettis' visit scheduled between 2 and 3 p.m. The public is invited to attend the event.

### Black Profiles program to feature noted educator

A Mississippi-born Black who has more than made good as an educator will be the guest speaker on the Chaffey College Black Profiles program, Feb. 17.

Appearing at 11 a.m. in the little theater will be Charles Z. Wilson, Jr., Vice Chancellor of the University of California at Los Angeles. His topic will be "The Black Man in the 1970's."

The Black Students Union plans to involve high school students as well as college and community in the Wilson session.

Chaffey Superintendent T. Stanley Warburton is notifying district educators that their classes will be welcome, provided reservations are made well enough in advance.

Another feature of Chaffey's second annual Black Profiles Week, Feb. 16-19, will be an art exhibit in the library featuring the works of noted Blacks.

Charles Wilson, Jr.

## Out of my mind

BY JENNY KIRKPATRICK

### Earthquake

By the time you read my account of the "Big Earthquake" it will have been hashed and re-hashed time and time again.

Of course as I write this, it is fresh in my mind. Having had extremely good luck in my lifetime, I've faced very few disasters, natural or otherwise. A minor flood or fire is about the record.

And, having lived through two minor earthquakes, at first on Tuesday morning, I only snuggled deeper into the covers and patted my sleeping cat, Pica. I have an upstairs apartment in a building that fingers the sky all by itself. There are 3 other apartments below me stretched out toward the street on the ground level.

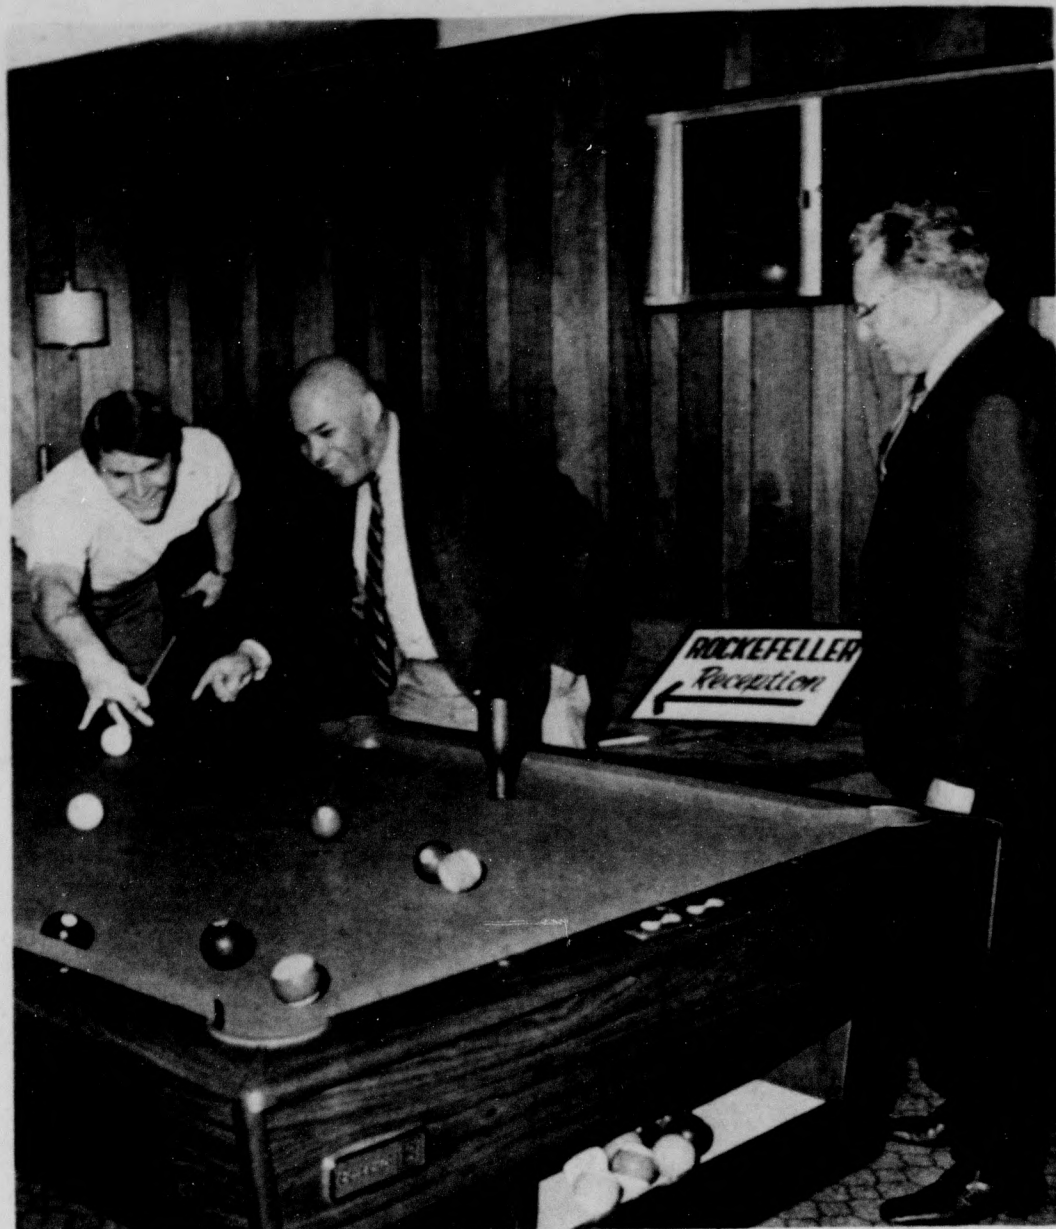

The first tremors were not too bad, but then I realized this was going to be more than a three or four quake on the Richter scale and when the motion shifted to a rocking one, I

changed my attitude about earthquakes.

"Okay, this is it. The world is finally coming to an end." By this time Pica was terrified and racing around, I was also terrified but somewhat rooted to the spot. The rocking continued; the hanging lights were swaying; survival became the first order of business now; the roof might go anytime.

I tried to remember what to do in quakes, go outside or stay in, which? The rocking continued; I decided action must be taken by me. What to do? First I thought of saving me, then Pica, and finally of getting my personal papers and then the irreplaceable baby albums of my children. Material possessions meant nothing now.

As I made my way to the door, I thought how I had smuggly bragged about being ready when my number came up. In sheer terror I wasn't ready, really, and I prayed. Then it was quiet, almost too quiet. I ran outside and threw my hands up to the sky "Hello, world, I'm alive." The sky was blue. The air smelled sweet. I stopped shaking. The world was safe again.

## The Leadership

Auggie Torrez, center, outgoing Associated Student Body president of Chaffey College, passes on some pool tips to Mike Jinks, left, incoming president, as Dr. T. Stanley Warburton, president of the college, kibitzes. Dr. and Mrs. Warburton and faculty members recently hosted student leaders at a buffet social evening in their Upland home. The consensus was for seconds in both food and similar evenings.

By Bobbe Monk

Out of curiosity about her comprehension of mother's work, I asked my four-year-old daughter, "Do you know what Mommy is?"

"A Newspaper Mama," she replied succinctly.

I've decided I like that title more than reporter, editor, photographer, news hen or what-have-you. For me, it sums up my job beautifully.

By the time each Tuesday ends, and the newspaper has been "put to bed" I feel as if I have experienced a type of "labor pain." And I look forward to Thursday to find out what my ink and paper "child" will look like. Many times I look forward to it with some trepidation, wondering how the "world" of my communities will accept it. At other times I eagerly anticipate its arrival.

Perhaps not Brenda Starr, and certainly no longer a "girl reporter", I'll accept "Newspaper Mama" as my title.

SPEAKING of my job, which I was and at times I delight in doing so, it IS interesting. Perhaps not in the high-flying fashion of the movie reporter rushing to the scene of the crime, or uncovering the real suspect, it still manages to hold my interest to the extent that I look forward to each day of work. I wonder how many can say the same.

The people of my communities never fail to interest and delight me, and sometimes make me mad, I'm sure I give them cause at times too.

A SOMEWHAT typical day came last week when I covered the unfolding, or should I say unrushing, sewer sequence in Upland. I interviewed a gentleman who is "conversant" with those in the "other world" talked with a lovely lady about a sunflower that grew very large in her yard, took a couple of social event pictures, handled some Little League items, and took a couple of classified ads.

THE WOMEN'S Council of the National Association of Real Estate Boards luncheon the other day in Montclair helped acquaint me with quite a few people in my area.

Judge Joseph A. Katz of the Superior Court in San Bernardino was the speaker on the topic of probate. He also discussed some of his other duties, among them ruling on divorces.

"There are no more divorces in California," he said. Marriages are now "dissolved."

"I sometimes feel like a genie. I just clap my hands and say, 'you're dissolved', and that ends that."

SOME THINGS to think about:

- The sewer scuffle between Upland, Ontario and CBMWD which has been concluded.
- The potential union of the Cucamonga and Alta Loma Fire Districts, or their merger under the Cucamonga County Water District.
- Continuing school problems in Upland, Alta Loma and Cucamonga (monetary, personnel, etc.)

## Navy brothers home on leave

LA VERNE—Brothers who are on a six-months leave from the U.S. Navy are now home visiting their parents, Mr. and Mrs. Dean Rohde of La Verne. They are Fireman Dale Rohde and Seaman Dean Rohde, both of whom have been stationed for the past seven months on a replenishment oiler, the USS Wichita, in Subic Bay, the Philippines.

The older made regular trips into the Gulf of Tonkin at Vietnam. The brothers spent eight days at Christmas time in Hong Kong, and en route home stopped at Japan and Pearl Harbor.

Dean has been serving with the Navy about 20 months, entering a year after his brother. They are Bonita High graduates.

## Philharmonic seeks juniors for orchestra

If you are a teenage musician from this area who would like to play in California's famed Junior Philharmonic Orchestra, then this is your chance to audition for a place in the personnel of this internationally known young people's symphony.

Announcement has just been made by the orchestra's founder-conductor, Dr. Ernst Katz, inviting all southern California area boys and girls, between the ages of 12 and 19, playing violins, violas, cellos, basses, flutes, oboes, English horns, clarinets, bass clarinets, alto saxes, bassoons, trumpets, trombones, French horns, tubas, drums, pedal and hand tuned tympani, piano and harp to call 272-3667 and an audition will be set starting today, Feb. 4, and continuing for two weeks through Feb. 19.

There is no audition fee or membership charge. The Junior Philharmonic Orchestra of California has been "giving youth a chance to be heard," in a civic non-commercial all-youth symphony since 1937 when it was founded with a nucleus of four boys. Today it has a roster of 110 talented boys and girls representing 40 cities in southern California.

Among the hundreds of honors bestowed upon the JPO are a special commendation from President Richard Nixon and resolutions from the Congress, the State Legislature and the City and County of Los Angeles. Many concerts throughout southern California have been set for presentation during the orchestra's 1971 season at the southland's most important civic and charity affairs.

## CSEA officers Damien initiates free class system

The MSAC Chapter of the California State Employees Association (CSEA) recently elected its officers for the 1971 calendar year.

Jim Graves, laboratory technician in the chemistry department, was elected president. Other officers are Joice Page, head groundsman, vice president; Marty Trout, library clerk-accountant, treasurer, and Doris Swindle, Student Personnel secretary, secretary.

CSEA was founded on the MSAC campus in April 1964.

LA VERNE—A system of free classes which allows a student to pick what he wants to study on an independent basis has been initiated at Damien High School. The system permits students to spend their time researching their interests instead of regular class assignments.

Patterned after the system initiated recently at the University of California at Berkeley, the

program has been approved for the new semester beginning this month.

To qualify for the study, a student must show superior ability before he will be considered.

Damien administration plans to offer the research applicants a whole new field of education that they would ordinarily have after they enter college.

## Science award won by David Chandler

LA VERNE—David Chandler of Covina, a former La Verne resident, has won a \$300 second place award in "New Apparatus" competition at the nation-wide convention meeting of the American Association of Physics Teachers, in New York.

While a physics major at Harvey Mudd College, Chandler designed and built a "Rotating Coordinate Frame Visualizer" as his senior project.

Among other things, the apparatus demonstrates how the rotation of the earth forms cyclones and anti-cyclones. A wide variety of experiments can be performed on the instrument, making it useful for physics lectures in the classroom.

Chandler's advisor, Dr. John Goodman, took the apparatus to the convention meeting in New York, where it earned the award.

An article describing

the instrument and experiments to be performed on it will appear in a forthcoming issue of the American Journal of Physics.

Recently married, Chandler moved to Covina after having graduated from Bonita High School and Harvey Mudd College. He is now attending the American Baptist Seminary, Covina. He is the son of Mr. and Mrs. Thomas E. Chandler of La Verne.

# Ballet, baton and yoga

## New classes announced

Fred Taunton, Upland's newly appointed recreation director this week announced three additional programs to increase the year-round recreation program.

The three new classes will be held in the exercise room in the Girls' Gymnasium at Upland High School. They will be ballet, baton, and yoga.

Ballet classes will be taught by Mrs. Harriet Lisak, whose experience includes dancing professionally plus teaching ballet, creative and modern dance to both children and adults. Mrs. Lisak has a degree, and has taught in elementary education. Classes will begin on Saturday, Feb. 13 and will continue for eight weeks.

The 5-7 year olds will meet from 9 to 9:50 a.m. and the 9 year olds will meet between the hours of 10 and 10:50 a.m. Fee for the eight-week class will be \$10.

Last day to register will be Thursday, Feb. 11, between 8 a.m. and 5 p.m. at the Finance Department of the City of Upland, 404 North Second Avenue.

Baton classes will be conducted by Mrs. Nancy (Ridd) Saucerman. Her experience includes twirling for 15 years and teaching for seven years.

Monday classes will be for beginners with the 5 to 8 year olds meeting from 4 to 4:50 and the 9 to 13 year olds from 5 to 5:50 p.m. The intermediates will gather on Tuesdays, with 5 to 8 year olds at 4 p.m. and the 9 to 13 year olds at 5 p.m. The advanced class for 9 to 13 year olds will meet Wednesdays from 4 to 4:50 p.m.

Registration for the baton classes will be held Monday for all divisions, one half hour prior to class at the gym. The fee is \$5 per month (February \$4) payable at the first meeting of each month.

Yoga classes will be conducted by Mrs. Jo Ann Balmer who has 10 years

of experience. She studied under Clara Spring at Claremont College and is currently taking advanced studies under Mrs. Spring in Hollywood. She has a great deal of teaching experience.

Classes will be held on Saturdays between 11:30 a.m. and 12:30 p.m. Fee is \$10 for 8 lessons (\$15 for adult and child) to be paid during the first lesson. Registration will be held during the first session.

Other programs already in progress include the Adult Sports Program being held in the Upland High School Gymnasium on Wednesday and Thursday evenings between 7 and 10 p.m. Activities include volleyball, basketball, and other desired activities. Activities are free.

George Beresford of Upland High School is in charge of the Junior Wrestling Program. There are three divisions

that are playing in the Southern California Junior Wrestling Association Tournaments on Saturdays. They are the midgets (10 years and under), the Juniors (11 and 12 year olds) and the intermediate division (13 to 15). Participants of the league must not be on a school wrestling team.

The Kiwanis Club of Upland is co-sponsoring the fifth and sixth grade basketball league now

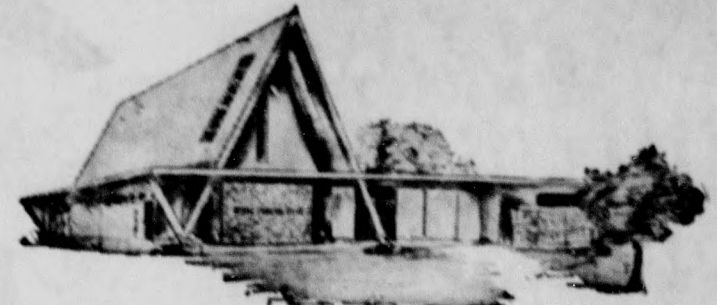

being held at Upland High School Gym. Skill is being developed by all participants.

Taunton wishes to thank the Upland Kiwanis Club for doing a fine job in helping promote recreation within the community.

Further information concerning these programs may be had by contacting Taunton at 982-1352, extension 55, on Tuesdays and Thursdays.

## Cameras welcome at Date Festival

If you have a camera be sure to bring it, along with a hand-aid for your trigger finger, when you visit the 1971 National Date Festival, Feb. 12 thru 21, at Indio.

This is probably the most photographed exposition in the nation. Shutterbugs always have a field day. There are "A Thousand and One Sights" spotlighted in the festival's unusual Arabian Nights theme. There is queen Scheherazade and her Court, pretty damsels dressed like harem beauties, handsome sheiks, Arabian horses, camels, date gardens, spectacular date exhibits and much, much more - all displayed in a setting taking visitors back to ancient Baghdad.

Every day is camera day at the National Date Festival and, in addition to other sights, costumed models will pose daily at 2:30 p.m. at the Arabian Stage.

The two special Photographers Days have been scheduled for Saturday, Feb. 13 and Sunday, Feb. 21. Queen Scheherazade and her Court, along with other models and camels, will again be posing at the Arabian Stage starting at 11:30 a.m. and 2:30 p.m.

Photographers will also have the opportunity to film costumed models with the spectacular date feature exhibits in the Taj Mahal building and many other unusual scenes about the grounds.

# Work-study--a relevant program

## Teenagers gain experience

UPLAND—"This is the age of relevancy. Everything must be relevant to today's teenager."

"That is why this program meets with success, because it is relevant. Everyone must have a job."

Carroll D. Smith, coordinator of work experience education at Upland High School was talking about the program he guides. He works with students who want, or have, jobs which amount to 150 hours per semester.

Begun last year at Upland, the program is spreading through the Chaffey High School District. It provides school credit for hours spent on a regular part time job.

For the work experience program a student must be at least 16. "There are plenty of younger students who would be happy to handle the other jobs," he said. Those students are handled through a placement service when employers need help for a short time.

"Work experience education," is the way he answers the phone. Smith said the program attempts to help develop skill.

"It also helps to tie the student to school, like the kid who comes sporadically." The student may have a problem at home, financial or otherwise. This program helps the youth stay in school because employers cooperate and agree not to employ a youth who quits school to work full time.

"We work with the student and try to help him develop the proper attitude and handle his problems," the coordinator said.

He cited a youth who, last year, knew he would be fired. "We called him in and he must have understood because the employer says he is now one of the most valued employees."

Smith works with the employer as well as with the student. He visits employers, makes out reports on students and determines grades. It takes time to build rapport and respect for the program with employers, he finds. But they are solidly behind him after they have

given the program a chance, he said.

Additionally, employers must be willing to offer some guidance and some training.

Students are generally referred to the program by their counselors. "Counselors have been more than cooperative," Smith said. "Jobs must be scheduled into the regular day."

The coordinator said students sometimes have the job when they apply for the school credit course, but many apply through him. "We have a long waiting list with the economic situation as it is today," he said.

"We have been able to help a number of students find jobs. One I felt particularly good about. The counselor said he needed a job. Fortunately, we got him placed and the boy took pride in his job and in himself. He bought himself new clothes and really looked neat!"

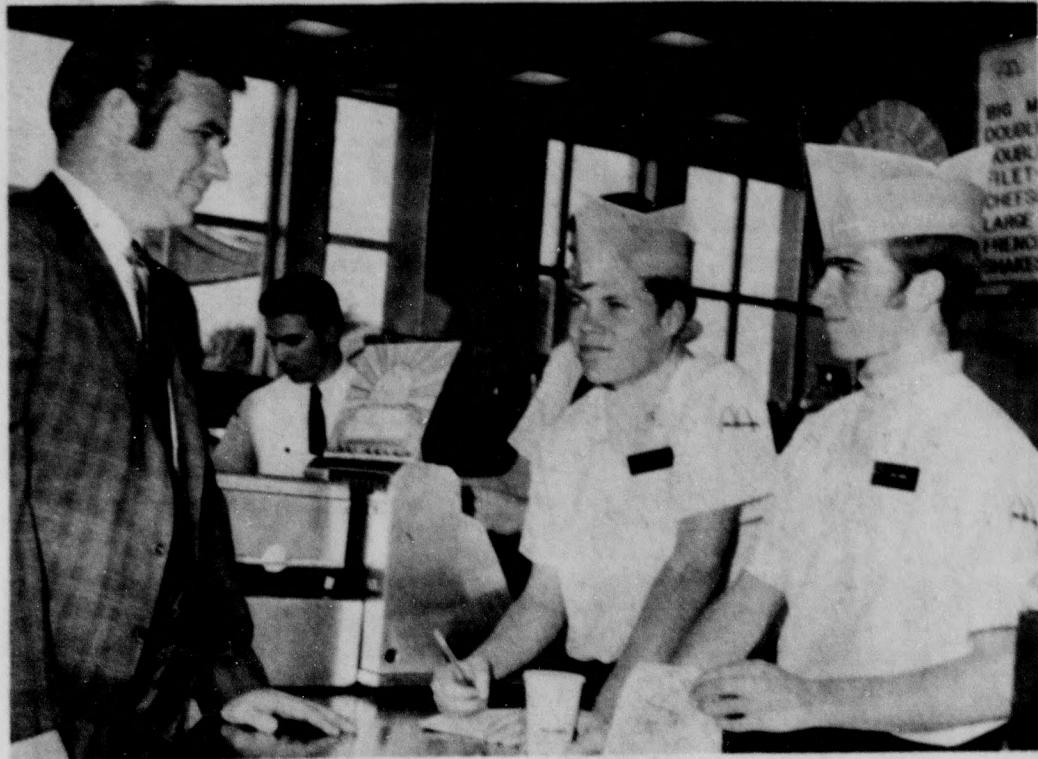

The UHS work-study director said he is hoping to get a related class going sometime so employed students can get together in small groups and "kick their problems around with others who might have similar problems" in order to work out their own solutions.

Smith said work-study experience is generally divided into three parts: General--where the work need not be related to the students' vocational interest, but it meets the basic requirements and provides some training, pay and school credit.

Vocational--work related to classroom training or future work. It involves pay and school credit.

Exploratory--the student goes into a business to "explore," to find out what he wants to do. No production is expected and no pay or school credit given.

The latter program is not yet available. As Smith says, it is necessary in our society for people to work. This makes the work-study program relevant. The more than 100 students signed up for the program next semester apparently agree.

## Top service

David Frederick, center, and Don Reed, right, serve Upland High School vice principal David Campbell. The boys, employed at McDonald's in Upland, are part of the UHS work-study program.

## Just checking

California Hospital School of Nursing student, Vicki Brewer (left), Upland, decides classmate Patricia Hudson's heartbeat is normal as the two react to scholarships of \$200 each, presented by Lutheran Hospital Society House of Delegates. The group presented eight cash awards to deserving students, plus a donation of \$3000 for the purchase of books for the school library. The School of Nursing is operated by the Lutheran Hospital Society.

## Club doings

### Catholic Women

Rancho California Golf Resort Club House was the setting for the Executive Board Meeting of the Diocesan Council of Catholic Women last week with the San Diego Deanery as hostesses.

Guest speaker was Rev. Anthony Chylewski, Director for the Society for Propagation of the Faith, who told of the founding of the organization by Pauline Jericko in the early 1800's.

In president's reports Mrs. Bernard McSweeney, Ontario Deanery president, reported 80 lbs. clothing, 25 lbs. soap were collected and sent to the Missions in the past 2 months. One hundred pair of socks were donated to the Boy's Home in Beaumont for Christmas. The Ontario Deanery consists of Etiwanda, Chino, Cucamonga, Alta Loma, Montclair, Ontario and Upland parishes.

Announcement was made by Mrs. E.R. Griswold, president, of the changes of Board members. They are: Mrs. Arthur A. Novelli, Northern Area Press Chairman, who will replace Mrs. Reba Gildehaus of San Bernardino who was recently deceased and Mrs. R.E. Stangel of San Diego as Women in Community Service chairman. Mrs. Stangel explained the function of the organization which is a job care and education center for girls between the ages of 16 and 21 years.

Attending the meeting from the Northern Area which includes San Bernardino, Riverside, Palm Springs and Ontario Deaneries were: Mmes. McSweeney, Novelli, Montclair, Henry Lucas and John Ganger of Ontario Deanery; Mmes. James R. Burch and Louis J. Beretich of Riverside Deanery and Mmes. Dr. Calista Sims, Howard B. Greene and Jennie Raymond of Pal Springs Deanery.

### Fine Arts Foundation

The Fine Arts Foundation of Scripps College, Claremont, will meet Tuesday, Feb. 16 at 2 p.m. in the Humanities Building Auditorium to hear actor, Sterling Holloway, tell about his art collection. Holloway has been collecting art for about ten years, and at this time considers it to be a more compelling interest than his career as an actor.

His collection includes the work of many important contemporary artists such as Billy Al Bengston, Tony Berlant, Roy Lichtenstein, Lucas Samaras, Frank Stella, and Andy Warhol.

Better known as an actor, Sterling Holloway has an active career on stage, screen, and television. His voice is well known on many Disney Studio records for children, including the "mouse" in the current production of "The Aristocats."

Holloway's talk will be followed by tea for The Fine Arts Foundation members only at the home of President and Mrs. Mark Curtis. Tea hostesses will be Mrs. Richard Armour, Mrs. Sanford Ballou, Mrs. Elbert Griffith, and Mrs. L. H. Padelford. Mrs. Carl G. Wilson Jr., will be in charge of floral arrangements.

An outstanding showing of famous 18th and 19th Century American painting will open in the Florence Rand Lang Art Gallery. The seventy-one paintings are a part of the collection given to Scripps College by General and Mrs. Edward Clinton Young. A photography exhibit by members of the college will also be on exhibit.

# Mexican-American Mental Health workers

Recruitment and training of Mexican-American mental health workers to serve their own communities will be made possible for a new project grant in Los Angeles announced by Department of Health, Education, and Welfare Secretary Elliot Richardson.

The award, to total \$323,234 over the next three years, is to the University of Southern California's School of Social Work, whose dean is Dr. Maurice B. Hamovitch.

Co-sponsoring the program are the University of California at Los Angeles and the Trabajadores de la Raza, a Mexican-American association of social workers active in the Southwest and West.

"This is an innovative program," Secretary Richardson said, "and is one which we think can be a landmark in focusing the training of health personnel upon meeting today's needs of people in the places where they live by workers with whom they can communicate."

"This new program also reflects new attention by the National Institute of Mental Health toward directing its best efforts into particularly needful and worthy areas of research, development of services, and training."

The Federal funds are to help plan and establish a new training facility lo-

cated centrally to the area, principally East Los Angeles, with the heaviest concentration of Mexican-American citizens.

Practical experience, working in the Mexican-American community from the facility based there, will be a major element in the training program as well as class work and special studies at the cooperating univer-

sities, USC and UCLA. Among the issues which the trainees and their leaders will tackle in the program's problem-solving approach are the definition and analysis of social problems in the area.

The new project is also expected to help serve as a model in the development of other programs for training mental health workers.

## Saints lose to Aquinas

SAN DIMAS — The San Dimas Saints, after losing a tough game last Tuesday in the last few seconds, 46-41, to the Webb Gaulls, were really trounced by the CIF 1A number 4 ranked team, Aquinas, 75-38.

The game against Webb saw the Saints come back late to pull within one point with 17 seconds to

go, only to have what then appeared to be the winning basket nullified by a penalty.

Jeff Nelson led all scorers in the Webb game with 22, as it appears that no one can really stop this amazing athlete. He was not up to full capacity due to a twisted ankle, but was still double-covered most of the game by his opponents.

Webb's 5'11" Charles Callender led his team's offensive output with 13. Jerry Klein dumped in 9 points for Bob Espinoza's quintet. When Klein's confidence reaches its peak, he will be the big number 2 punch in scoring every team needs. He is sometimes inclined to pass a shot unless he is reasonably sure of success, but could take some of the defensive heat off of Nelson by going to the basket more.

Aquinas appeared to be seeking revenge for their near loss to the Saints earlier in the season, when they downed the local quintet 58-52 on January 12.

Lee Gardner, their 6'5" center, led all scorers with 27. Jeff Nelson had 18 and teammate Jerry Klein had 12 in Friday's contest.

Aquinas, before you are hasty to judge, is an extremely tough, well-disciplined team, that has both offense and defensive power, and good bench strength. The Saints, when playing them here in San Dimas, had some home court advantage, but it takes more than this psychological lift to win ball games.

Oscar Ross has been showing steady improvement during his brief stints in the line-up for the Saints, and can give some rebounding assistance in event Nelson and Klein are out of the line-up. Wayne Moses, a real little hustler, handles the ball well, is able to drive on the basket if given an opening, and handles himself well in the back court. His back court teammate, Little Jim Schaumleffel, at 5'6" is able to get the ball into the hands of the boys who make the baskets and is an extremely valuable little guy to have around. John Schober at 6'2-1/2" and growing, offers real promise, will become more aggressive with experience and makes Saints' fans glad he is around.

The schedule favors the San Dimas quintet from now on, and although no game is easy, they have the horses to make the race very interesting.

## Club doings

### Coin Club

UPLAND - The Upland Coin Club will meet Feb. 20, at the Community Building in the Upland Memorial Park.

### Catholic Daughters

The February business meeting of Court of Our Lady of Fatima #1387, Catholic Daughters of America, was called to order by the regent, Mrs. Andrew Subaro at Ontario Woman's Club House. Members were reminded applications were available for proposed new members and they were also invited to the membership tea at the home of Mrs. Frank Vizzini on Sunday, Feb. 21 from 2 to 4 p.m.

Mrs. Esther Cenker, secretary of the board of directors of Madonna Manor, the home for retired Catholic Daughters, advised the court there was a waiting list of 17 at the present time and that a convalescent home was being built adjacent to the Manor. The Manor plans to add an additional 20 rooms in the near future.

At the invitation of the Ontario Plaza Merchant's Association, the Court voted to participate in the outdoor bazaar on March 7. Mrs. Gabe Quesada, ways and means chairman, will make arrangements.

An invitation was received from Court Our Lady of Lourdes, Redlands, to attend the reception of new members at 1:30 p.m. on Sunday, Feb. 21 at the Sacred Heart Church Hall, followed by a dinner in celebration of their 25th anniversary, at Holiday Inn at 8.

Thank you letters were read for receipt of Christmas donations for the sisters of St. Joseph's, Upland and sisters of St. George, Ontario. Also, a thank you note from Rosemary Fawcett, Home of Angels, for stuffed toys.

Mrs. John Ganger, Ecumenical Involvement chairman, again asked members to keep a record of their activities, both religious and civic. She also asked members to bring paper bags to her home for use at the Salvation Army.

The court will participate in the annual poetry and essay contest. It is divided into two groups. Division I includes grades 4, 5 and 6. Division II includes grades 7 and 8. The creative poetry may be a patriotic or religious theme. The essay "How Today's Youth reacts to the new liturgy" is for eighth grade students only. Mrs. Thomas Bomortino is chairman, assisted by Mrs. Robert Flink and Mrs. Glenn Soth.

The Canasta players will meet at the home of Mrs. Frank Palasek at 7:30 p.m. on Wednesday, February 10.

The Bridge players will be entertained by Mrs. Thomas Finsterbach on Friday, Feb. 12 at 8. Hostesses for the evening were Mrs. Henry Krejci and Mrs. Teresa Spisevic.

### College Wives

UPLAND-As has been the custom in previous years, the February meeting of the Chaffey College Wives Club will be devoted to crafts.

This year, instead of working a project themselves, the members will have the opportunity to see demonstrations by Mrs. Jesse Groendyke, crafts coordinator for the Ontario Recreation Department. She will work in enameling, pottery, and stitching.

The meeting has been arranged by Mrs. Lewis Grimm, program chairman, and will convene at 7:30 p.m., Feb. 16, in the craft cell of the Ontario Recreation Department, 217 S. Lemon.

Following the meeting refreshments will be served by a committee consisting of Mrs. Donald Swihart and Mrs. John Burnison, co-chairmen, and Mrs. Robert Lubarsky, Joseph Reynolds, and Tobias Santarelli.

## Youth activities

### BS 61st Anniversary

The 10,000 Cubs, Scouts and Explorers of the Old Baldy Council will celebrate the 61st Anniversary of the Founding of the Boy Scouts of America during the entire month of February according to Billy L. Metcalf, Council President.

The theme for 1971's Anniversary month activities is "Project SOAR" a national conservation Good Turn of the Boy Scouts of America. Over 4 million boys, all members of the largest youth movement in the free world, will participate in SOAR (Save Our American Resources) during the year.

The Cub, Scout and Explorer members in the Old Baldy Council will be setting up window displays in local businesses, conducting award ceremonies to honor their outstanding members, holding Blue and Gold Dinners to honor Scouting's Birthday and many other activities.

One feature of Anniversary month will be the recognition of the Scouting program by the Churches in the area. Special religious programs are being planned in over 50 churches in the Pomona Valley - Fontana areas for Scout Sunday, February 7th. The 12th part of the Scout Law is "A Scout is Reverent."

### Las Caballeras GS

All levels of the Las Caballeras Neighborhood Girl Scouts and their Adult Leaders from the Spanish Trails Council, Serranas District, will celebrate "Thinking Day" on Saturday Feb. 20 at the Palomares Community Bldg., 501 E. Arrow Highway, Pomona, from 2 to 4:30 p.m.

Their theme "International Girl Guide Day" will include songs, dances and cookery native to nine countries represented. Working in research cluster groups Scouts will bring a prepared food based on this theme, demonstrate a dance or song, and make a replica of a Girl Guide uniform and flag of the country they select. Countries represented are Germany, Philippines, Japan, Ceylon, Italy, Nigeria, Mexico, Israel and Sweden. Through research and sharing activities and food girls are given an opportunity to become aware of the various customs and have a better knowledge of other nations.

"Thinking Day" will be celebrated all over the world on Feb. 22 by Girl Scouts and Girl Guides to honor the birthday of both Lord Baden-Powell, Founder of Scouting and Guiding and, Lady Baden-Powell, World Chief Guide. Girls of member countries symbolically join hands with each other in recognition of the spirit of Scouting that unites them in International Friendship.

This year marks their Diamond Jubilee for the World Association of Girl Guides and Girl Scouts. Their donation to a "Thinking Day Fund" is used to finance starting troops in countries where help is needed.

Girl Scouts in the United States donate money to the "Juliette Low World Friendship Fund." Part is given to the Fund and part is used to help send Girl Scouts to visit other countries and bring Girl Guides from other countries to the U.S.A. Service Team members

assisting in event are Mmes. Donald Pardee, Lloyd Parkson, Robert Jensen, Hank Whitney, Edward Olson, Carl Garner, and Donald Coats.

### Gymnastics

## Baseball sign ups for Montclair boys

MONTCLAIR -- Montclair Central, offering baseball for boys from 8 to 18, will conduct sign-ups for minor, little, senior and big league, Sunday, Feb. 14, and Saturday, Feb. 20 from 10 a.m. to 3 p.m. at the Montclair High School field.

Boys living east of Mills and west of Monte Vista Sts. are eligible. League meetings are held on the first Thursday of each month at the Montclair Convalescent Home under the direction of President Jim Stod-

dard.

MONTCLAIR -- West End Little League will hold registrations on Saturday, Feb. 20, and Saturday Feb. 27 from 10 a.m. to 1 p.m. at the Little League field on Pipeline Ave., between Phillips and Francis St.

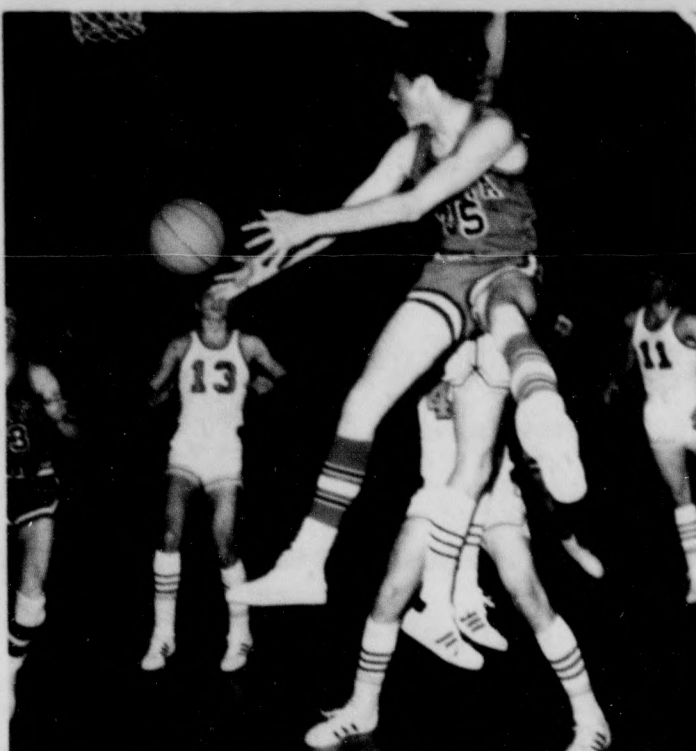

To be eligible, boys must qualify as follows: must reside within West End's boundaries, (North of Francis, south of State, west of Benson and east of the San Antonio Wash. They must also attain the age of eight before Aug. 1, and will not at-

tain the age of 13 years before Aug. 1.

Candidates must bring legal proof of age (certified birth certificate) and be accompanied by a parent. All previous players must also register at this time.

Further information may be obtained by contacting Roger Pendleton at 628-0629 or Jim Kubicak at 628-4367.

Contribution at time of registration is three dollars for one child and five dollars if more than one in the same family.

## Hustling

Bearcat David Shamblin, who has come on as one of Bonita High's most aggressive cagers, jumps high to receive ball during game with Montclair Friday. Bonita posted win over the Cavaliers.

## Bonita whips Montclair

LA VERNE -- Following last Tuesday's narrow 70-69, last-second loss to the Claremont Wolfpack, Bonita's Bearcats recovered quickly and dealt the Montclair Cavaliers a stunning blow to their ambitions of being Number 1. The final score in Friday's Cavalier game was 59-50. It was the fourth loss of the League season for the Cavs to go with 6 victories. Bonita evened its record at 5-5.

The Bearcats were within reach of victory in the Tuesday Wolfpack game in the 4th quarter, but a last second basket gave the victory to Claremont.

Dave Shamblin was on the sidelines for Bonita with 5 personals in the latter portion of the third quarter, and Kip Krueger was to join him within about 7 minutes of playing time.

Bonita had pulled ahead by one with 42 seconds to go, but were unable to maintain the narrow margin without the necessary rebounding.

Officials leveled two technical fouls to Bearcat Coach Chuck Potts, and this may have been the difference between winning and losing for the team. It just so happened that the remarks to the officials attributed to Potts came from the stands. Potts, at the time, was signaling plays to his team on an inbound play.

It was a different story Friday evening, when Montclair paid a visit to Bonita's home court, and in spite of a 20 point effort by the Cavs' center, Gregg Campbell, the Bearcats were making fewer mistakes, and enjoying victory more.

Bonita, although having 14 turnovers in the game, was topped by the Cavs' 23 miscues. A careful two, in the first quarter, got the Bearcats off on the right foot, and gave them a lead they never relinquished.

The Bearcats, with a seemingly comfortable 15 point halftime lead (37-22) while popular Senior Annette Morales was being crowned as their basketball Queen, saw their lead melt to 4 in the fourth game, but hung on for the victory, by keeping big Campbell (6'6") off of the boards.

High point man for Bonita was Randy Russell, who displayed a deadly hand from the free-throw line sinking 9 for 11. Kip Krueger had 14 as did Dan McCleary, who went to the free throw 6 times without a miss.

Dave Shamblin had a very respectable 10 points to go along with 9 rebounds. Krueger had 8 rebounds.

Potts has used Shamblin well since he was inserted in the lineup when Krueger was sidelined with a thigh injury, and the tall hurdler has responded by doing an outstanding job. When Shamblin and Krueger are in the lineup together, they give Bonita a pair of outstanding rebounders, and increase winning chances a hundred percent.

The loss was a crippling blow to Montclair, who fully expected to make a run at Upland, currently king of the SAL, but did not expect the Bearcats to look like they did, and that was the difference.

## Golden Girl Softball registration

MONTCLAIR -- The Golden Girls Softball League will hold final registration Saturday, Feb. 13, at Vernon Junior High School, 9775 Vernon St., Montclair.

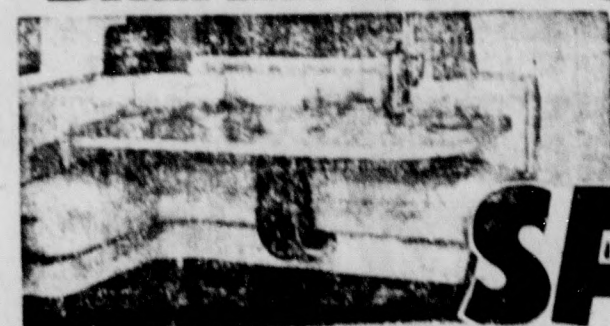

Girls 9 through 16 years of age may register between noon and 3 p.m. Registration fee for each girl is five dollars

and three dollars for each additional girl from the same family.

## Church news

## Foursquare Church

UPLAND - Rev. Vivian Twyford, 935 E. Highland St. (Upland), pastor local Foursquare Church, heads a workshop on "Telephone Evangelism" during the Foursquare Congress on Evangelism Feb. 17 to 24 in the parent church of the denomination, Angelus Temple, Los Angeles.

"Communicate the Word" is theme chosen for the eight-day event, featuring nearly 100 speakers from across the country and Canada, among them Foursquare ministers, evangelists and missionaries, as well as representatives from other denominations, all authorities on various phases of evangelism, announces Dr. Howard P. Courtney, Los Angeles, general supervisor of Foursquare churches and 1971 Congress chairman. The Congress has scheduled corporate business sessions of the denomination over which Dr. Rolf K. McPherson, president and son of its founder, the late Aimee Semple McPherson, will officiate. Highlight project for consideration this year will be a church-related liberal arts college.

Key speakers on the Congress roster to be heard at evening evangelistic services are Dr. Richard Halverson, pastor Fourth Presbyterian Church, Washington, D.C.; Rev. Thomas F. Zimmerman, general superintendent Assemblies of God, Springfield, Mo.; Dr. Allan Hamilton, pastor Portland Foursquare Church, and Dr. N. M. Van Cleave, Southern California district supervisor of Foursquare Churches.

Workshops, seminars, and numerous special events, such as missionary appointments and presentation of 25-year ministerial service awards are on the agenda, further disclosed Dr. Courtney.

## Jehovah's Witnesses

"Who Will Conquer the World in the 1970's?" was the subject discussed by Joseph D. Wengert as the highlight of the three-day convention held at the new Norco Assembly Hall. The nine congregations of Jehovah's Witnesses in the Pomona Valley during January.

More than 1,800 persons heard Wengert discuss the polarization of the world and the pressures to conform to one type of nationalism or another.

Wengert said "Despite the present outlook, Bible prophecy assures us that neither of the two major blocs of nations is due to succeed in conquering the other."

On Saturday, 75 per-

sons submitted to water baptism in symbol of dedication to God. They are now recognized by Jehovah's Witnesses as ministers and will now participate in the personal Bible study ministry of Jehovah's Witnesses in Pomona Valley.

## Nazarene Church

UPLAND - Speaking on one of the major prob-

lems of our day, Rev. Eugene McDowell will bring an informative message to the First Church of the Nazarene in Upland Feb. 14 at 6 p.m.

Recent reports indicate that approximately 20 percent of the national narcotic problem exists in the State of California, and that Southern California is rapidly emerging as the number one

narcotic problem area in the nation. Government statistics reveal the existence of tens of thousands of heroin addicts in our nation. Though this is the strongest of all known narcotics, there are numerous other substances and derivatives which also cause addiction and habituation.

As much as 50 percent of the crimes in metropolitan areas of our

country are committed by addicts who are desperately trying to support their addiction. This illicit traffic is considered a constant threat to our youth and a growing menace to every community in our nation.

The speaker will be representing the Narcotic Educational Foundation of America which has been located and active in the Los Angeles area for over 25 years.

## Hospital visitor

MONTCLAIR - Tetsuo Sasaki, an export and import manager of Senko Medical Trading Co., Tokyo, Japan was a two week visitor at Central Community Hospital, Montclair.

According to Gene Bloomfield, hospital administrator, Sasaki made Montclair his home base while he was on business throughout the Southern California area.

### New hours for museum

A new schedule of public hours will be put into effect at the Los Angeles County Museum of Art beginning Feb. 1, it was announced by Museum Director Kenneth Donahue.

The new schedule will be Tuesday through Friday, 10 to 5 p.m.; Saturday, 10 to 6 p.m.; Sunday, noon to 6 p.m. As in the past, the Museum will be closed on Monday.

The new schedule eliminates the Friday evening hours, the result of budgetary limitations and lack of public response at that time.

This new schedule will not affect the Friday evening hours for the Cubist Epoch, according to Donahue, as special arrangements have been made to keep the Frances and Armand Hammer Wing open on Fridays until 9 p.m. until Feb. 21, when the Cubist show closes.

The Cubist show has been one of the most popular exhibitions at the Museum, according to Donahue. The 5 p.m. closing on Friday will only affect the Ahmanson Gallery. The new schedule of hours will not affect the regular Museum film or music programs held in the Leo S. Bing Center.

### SMUDGE now on scene

SMUDGE (stop making us destroy good earth), Garey High School's Ecology club plans the formation of a Valley Environmental Council. Its purpose is to coordinate individual ecological efforts made by local groups into a unified master plan for the entire Valley area, from San Gabriel to San Bernardino.

"While certain local pollution issues can only be of interest to the immediate community, others are on such a broad scale that they affect everybody. Thus an environmental council with representation from each individual school and community ecological interest group can investigate issues and launch effective, widespread campaigns of concentrated action to preserve the environment," said a spokesman.

In addition to coordinating mass campaigns, the council can serve as a resource center to gather and disseminate critical information and also act as a manpower pool to provide assistance on local issues when needed.

Any organization interested in having a representative on the council or in hearing more about it may contact Melissa Baughman, Environmental Action Chairman, SMUDGE Ecology Club, Garey High School, 321 Lexington Ave., Pomona, 91766.

### Gallery 333 February artist Withy Hataway

Gallery 333 will present an exhibit of landscapes in watercolor by Withy Hataway of Pomona during the month of February.

The new non-profit cooperative of twelve local artists has been introducing its members in a series of small one-man shows in the feature room of the gallery.

A new group showing by other members is held each month in the main exhibit room. Open from 10 to 5 p.m. daily, except Sundays, the gallery is located at 333 W. Bonita Ave., Claremont.

Mrs. Hataway does most of her paintings on location and is showing landscapes done in various parts of the country, including several scenes from nearby areas.

"Old and New Tribute Makers" was painted on the Pomona College campus at College and Bonita and depicts a stately old eucalyptus tree in front of new college buildings, a scene familiar to Claremont residents. "Country Shapes" was painted in the countryside near Chino, and "Flower Patterns" was done in the cactus gardens near Riverside.

She was born in Massachusetts and lived in Honolulu and Fort Worth, Texas, before coming to California. She attended art classes at the Vesper-George Art School in Boston and Texas School of Art in Fort Worth. She was graduated from Pomona College, where she studied art with Thomas Beggs. She has also studied design with Foster Rhodes Jackson, Claremont architect, and watercolor with Milford Zornes, and last summer she attended classes in sumi-e painting at the Kawai Art School in Los Angeles.

The artist was one of the organizers of Gallery 333 and serves as its secretary-treasurer. She is also secretary of the Pomona Valley Art Association, of which she has been a member for several years. She has exhibited frequently in the PVAA gallery in its juried and members shows and her work has been shown widely in PVAA revolving shows.

A longtime resident of Pomona, and active in community affairs, she has designed posters for many church and school groups.

ITEM: Enameling furniture? If you mount drawer pulls, knobs and other decorative pieces on a cardboard backing, you can quickly and easily enamel them with spray paint. Cover any pieces that can't be removed with masking tape. This will keep them from getting even a few stray splatters of paint -- and your finished work will look much more professional.

# Cal Poly livestock judging team results

Cal Poly's 1970 Senior Livestock Judging Team, under the leadership of Coach Tom Westing, recently completed a highly successful season.

Besides retiring the perpetual trophy for being the third consecutive Cal Poly team to win the Quarter Horse Judging at the Cow Palace in San Francisco, one member of the team set a world's record.

Beth Brady became the first girl in history to be high individual in beef judging at three major stock shows in a row.

The members of the 1970 team were Beth Brady, Mary Ann Hughes, Merle Cunningham, Bud Roberts and Dwight Williams.

Show by Show, the results looked like this: At the National Western in Denver, Penny Dobb and Don McDougall replaced Brady and Roberts. The team finished eleventh high overall.

Dwight Williams was fifth in Quarter Horses. At Portland, Oregon, for the Pacific International, the team was first in Quarter Horses, first in Thoroughbred Horses, first in swine, and third high overall.

Individually, Beth Brady finished first in beef and Dwight Williams followed with a second in swine, horses, and overall.

At the Cow Palace in San Francisco for the Grand National the team was first in Quarter Horses and fourth high overall.

Individually, Beth Brady was again first in beef, first in Quarter Horses, and seventh overall. Mary Ann Hughes placed third in sheep and fourth in swine. Merle Cunningham was third in Quarter Horses. Competing against eleven teams at the Golden Spike Show in Ogden, Utah, the Poly team finished fifth overall.

Beth Brady again was high individual in beef and Bud Roberts placed second high individual in swine.

Braving eighteen degree weather in Chicago over Thanksgiving, the team competed against forty-two other teams at the International Stock show in the "windy city". They finished in thirty-second position.

At the International Cattleman's Expo in Las Vegas, Tracy Dent, Marty Martins, and Chris McClintock replaced Hughes, Williams and Roberts.

The team ended up high team overall, first in placing and selection, and fifth in certification.

Besides all the individual trophies that the team members are allowed to keep, the many team trophies are on display in the Animal Science trophy case, located next to the Rodeo Club bulletin board in the Agriculture Building.

The 1971 team members are Tracy Dent, Warren McCoy, Steve Wilson, Larry Wright, and Linda Lockwood, and they are coached by Mr. Allen Christensen.

## Dairy princess sought by Calif. dairy industry

The dairy industry of California has begun the annual search for a girl to serve as California Dairy Princess, to reign for the 1971-72 period, as the fourteenth girl to represent the industry of the state.

Jo Ann Nicolini, 19, of Lodi, the current state dairy princess, will relinquish her crown and duties in June, when her successor is named at state finals to be held in the Los Angeles area. Thirteen district dairy princess contests are to be held throughout California this spring, with each district winner to be in competition at the state contest. The program is sponsored by the dairy farmers of California through the Milk Advisory Board.

To enter a district contest, a girl must be between the ages of 17 and 25, unmarried, and at least a high school graduate by June, 1971. In addition, she must meet one of the following qualifications: be the daughter of a dairy farmer family, past or present; daughter of a person employed by the dairy industry, or employed therein herself; daughter of a person engaged in a business or profession related to the dairy industry; or be the owner of producing dairy cattle herself.

Dairy Princess informational brochures, containing detailed contest information and an entry form may be obtained from Milk Advisory Board offices at 1700 McHenry, Modesto 95350, or 3711 Long Beach Blvd., Long Beach 90808. A maximum of twelve girls from each district may enter local contests, so early entry is urged.

## Jehovah's Witnesses

Some 125 local delegates arrived home Monday after attending the three-day semi-annual circuit assembly of Jehovah's witnesses in Norco last week, according to the spokesman for the local group, Leonard Clark of Cucamonga.

The program included group discussions and a variety of talks on Bible subjects, with 1,615 in attendance.

This assembly drew delegates from nine congregations in the Inland Empire. The principal speaker was Mr. J. D. Wengert, District Minister for the Watchtower Society from world headquarters, Brooklyn, New York, which sponsored the event.

Saturday's highlight was the baptism of 42 new ministers by total immersion in water. The candidates were told by Mr. Wengert that, "We do not dedicate ourselves to a work, or to an organization, but to Jehovah God, the one whose will we are agreeing to perform."

The ministerial training convention was held at the recently constructed 2,000 seat Assembly Hall at Norco, near Corona. Built largely by volunteer help, the hall serves the fast growing needs of the group in this area.

From Harris Beasock, Mohawk, N.Y.: How well do I and many other readers of your interesting column remember the starting of sap house fires about mid-March. Maple sugaring is starting and is accepted as an indication that winter is old and spring is coming. The warm sap hut, the red glow and companionship of friends of long, long ago. And the cold walks home in the dark nights, across the railroad tracks and crashing into a warm kitchen. We ate "drop in the snow" maple candy that tasted so good. In the long ago, and now at 76, I look back, and I hope to see sugaring start in this year 1970.

## Phone rates may go up

A staff accountant with the California Public Utilities Commission has recommended that General Telephone be allowed a rate of return on its investment of between 7.75% and 8%.

In testimony prepared for introduction at public hearings on General's request for a \$57.2 million annual rate increase, Thomas L. Deal said a return on investment in the 7.75-8% range should allow a 10% to 10.5% return on common equity.

General Telephone is seeking a return on investment of 8.17% to 9.17% and a return on common equity of 11.5% to 14%.

Another Commission staff witness, Sesto F. Lucchi, said in his prepared testimony that General was earning a 7.29% return on its investment last year before the Commission granted increases totaling \$9.3 million.

The increases granted during 1970 were \$2.2 million to reduce the penalty the Commission imposed on General in 1969 because its service was not comparable to Pacific's, and another \$7.1 million in interim relief pending final decision on General's overall request.

Lucchi listed these other differences between the Commission's staff estimates and General's for the test year 1970: --The staff estimate of net revenues received exceeds the utility's by \$12.5 million.

--Staff estimate of the rate base upon which rate of return is figured is \$69.5 million less than General estimates.

--The staff's estimated rate of return exceeds that of the utility's by 1.48%.

## Beta Sigma Phi

CUCAMONGA -- Members of Foothill Area Council, Beta Sigma Phi, met recently in the clubhouse of Boise Cascade Mobile Home Park for their annual disaster preparedness program.

Jean Ravnos, chairman of the evening, introduced the guest speaker Chief Custer of the Ontario Fire Department and guest Captain Tony Harmen of the Upland Fire Department. Custer explained the re-organization of civil defense organizations on the federal, state, and local levels into offices of emergency and disaster preparedness.

Following the showing of a film entitled "Design for Disaster" Custer discussed the 1970 California fires and the roles played by local and state agencies in combating them. He also explained the role played by the fire department in meeting other emergencies.

The next Foothill Area Council function will be a Valentine dinner-dance to be held at the Ontario National Golf Clubhouse on Feb. 13.

## Cal flames

CUCAMONGA -- New officers of Cal Flames were installed recently during ceremonies at the Cucamonga Fire Hall.

Installed were the Mmes. Ben Mackall, president; Chester Wards, vice president; Don Beets, secretary; Low Gakle, treasurer; Karl Cox, parliamentarian; Joseph Curletti, historian; Lee Zandrino, ways and means; Wally Dorset, hospitality; Bo Crossband, amenities; and Jerry Curletti, publicity.

The group is the women's auxiliary of the Cucamonga Fire Department.

## VA interest rates change

Interest rate changes on two GI insurance programs were announced recently by the Veterans Administration, according to Gordon R. Elliott, Director of VA's Southern California Regional Office.

Effective January 11, the interest rate paid by veterans on money borrowed on their government life insurance policies was changed to five per cent. The old rate of four per cent -- in effect more than 24 years -- will continue to apply to all loans made before January 11.

The interest VA pays on insurance dividends left to accumulate by veterans holding World War II type National Service Life Insurance policies (with a "V" prefix) was increased from four to 4.25 per cent effective January 1.

Dividends left with VA for these NSLI policies totaled about \$283,000,000 at the end of 1970, exceeding by \$10,000,000 the amount left with VA at the end of 1969.

The higher interest rate paid by VA results from greater interest earnings in the NSLI trust fund.

About 105,000 policy loans amounting to nearly \$126,000,000 were made to veterans in 1970.
